**In the Box**
- Micro USB Charging Cable
- AUX-IN jack
- USB-to-USB Cable

**Pairing the Headphones**
1. Power On and Defeat
   - Press and hold the [Power on] button for approximately 6 seconds. A voice announcement “Power on, Pairing is heard, indicating that the head phones are now in pairing mode. The LED indicator will quickly flash RED and BLUE.
2. Open your mobile device’s Bluetooth settings. Set the device to discover nearby Bluetooth devices.
3. When the headphone’s model number (AR100) appears in the list of found devices, select it to connect your mobile device.
4. After a successful pairing, a tone is heard, indicating that Bluetooth is connected. The LED indicator will slowly flash BLUE.

**Charging the Headphones**
1. Connect the small end of the included micro USB charging cable to the micro USB charging port on the headphones.
2. Connect the larger end of the micro USB charging cable to an available USB port on your computer or AC Adaptor (not included).
3. The LED indicator will remain RED when charging and will shut off when charging is complete.
4. Carefully remove the micro USB charging cable when charging is complete.

**Using the Headphones**
1. To turn on the headphones on, press and hold the [Power on] button for approximately 4 seconds. A voice announcement “Power on” is heard, indicating that the headphones are ready for use. A single tone confirms that your mobile device is connected.
2. To turn the headphones off, press and hold the [Power on] button again for approximately 4 seconds. A voice announcement “Power off” is heard, indicating that the headphones are now turned off.

**Volume Control**
- Quick press the [-] button to decrease the volume.
- Quick press the [+] button to increase the volume.

**Playing Music**
- Long press the [-] button to replay the previous song in your playlist.
- Long press the [+] button to skip to the next song in your music playlist.
- Quick press the [power on] button to pause the music.
- Quick press the [power on] button again to resume music playback.

**In-Box AUX Jack**
- AUX-IN jack on bottom of the headphones.
- Attach the other end of the cable to your mobile device. The LED indicator will slowly flash BLUE while the auxiliary jack is attached.

**Using as Wired Headphones**
- To use the headphones as a wired device, attach a 3.5 mm auxiliary cable (not included) to the AUX-IN jack on the bottom of the headphones. Attach the other end of the cable to your mobile device. The LED indicator will slowly flash BLUE while the auxiliary jack is attached.
