INSERTING THE BATTERY

Pairing the Shutter Stick

1. Slide the power switch on the Wireless Remote Shutter to the ON position.
2. Attach the phone clamp to the mounting screw via the smartphone clamp mounting screw. Secure it with the phone clamp screw to secure it to the Shutter Stick.
3. Loosen the knob on the base to adjust the length.
4. Insert the camera app on your smartphone.
5. When the Bluetooth enabled device finds the Shutter Stick, select “Add New Device”.
6. Select the Bluetooth® device by device name. (PCA3202) If you are scanning for paired devices, select “Paired”.
7. After a successful registration, the LED indicator light will shut off.
8. Use the Shutter Stick to take pictures. If you would like to connect the Shutter Stick to another device, you must unpair the Shutter Stick from the currently paired device first. On your device’s Bluetooth settings, select “PCA3202”, then select “unpair”. When the Bluetooth device is now available, select it and follow the pairing process again.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Use the equipment in a different location.
• Consult the dealer or an experienced radio/TV technician for help.
