Widgets
To add a widget, press and hold anywhere on the home screen. Select the “Widgets” option as shown below.

Press and hold widgets to place them on the home screen as shown below.
To access your personal data, data sanitization varies by the type of product and process before you dispose of your device to assure another party cannot access confidential data. If your electronic device has internal memory on which personal or other sensitive information is stored (not to be distributed or shared), you may want to perform a data sanitization.

Visit the site shown below into the card slot until it clicks and locks into place.

To expand the storage of the tablet, you will need to insert a Micro SD card. The tablet supports Micro SD cards up to 64GB (not included).

To connect:
1. Connect the mini end of the HDMI cable to the HDMI port of the tablet.
2. Connect the other end of the HDMI cable to the HDMI port of the TV or display.
3. The display is now shown on your TV or display.

Legal information

FCC Part 15:
This equipment has been tested and found to comply with the requirements of the Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference to a residential installation. This equipment generates, uses, and can radiate radio frequency energy. If not installed and used in accordance with the instructions, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, you are encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

Do not attempt to repair or modify this equipment. Without express approval by the party responsible for compliance, you may not modify the equipment or cause it to operate.
